35 cents

Santa Claus made an early visit to Haliburton on Saturday, where he (or in this case, she) handed out candy canes to youngsters and other visitors to the

Rails' End Gallery. The annual Christmas Show and Sale continues all this month, and Santa has been invited back.

Survey results released by MP

More than 85 percent of voters in Victoria/Haliburton who responded to a questionnaire sent out recently by MP Bill Scott favour a return to capital punishment.

Of the 4,426 voters who replied to the questionnaire, 86.3 percent said they thought capital punishment should be reinstated in Canada. The overwhelming affirmative response was the highest one recorded on the survey, which was sent to 37,624 households in September.

On other questions, opinion was more divided. Some 62.5 percent of the respondents said they were in favour of amending the Canada Pension Plan to allow for benefits for mothers working in the home, while an even greater number, 65.5 percent, said they were in favour of amending the Family Allowance so that it is only given to those who are in financial difficulty.

Defence also appeared to have a high priority with people in the riding, despite the efforts of protestors and peace groups to have the Cruise missile kept out of Canada. 61.5 percent of the respondents to Scott's questionnaire said the federal government should allow the missile to be tested on Canadian soil. (In fact the missile will be tested in Alberta, but without warheads).

Opinion was more evenly split on abortion, with 53.9 percent of respondents saying they favoured the principle of abortion on demand, while 42.7 percent were opposed to the idea.

The post office was another issue on which voters in the riding appear to hold strong views. Some 77.8

percent of the people who returned the questionnaire to Scott's office said postal service had not improved since the post office became a Crown Corporation.

Almost two thirds of the respondents said the federal government should end the opting out provision under which doctors can bill patients with extra charges or opt out of the medicare system altogether. Some 63.9 percent of the sample were against opting out, while 30.9 percent felt the government should not pass legislation to end the practice.

The majority of people in the sample also feel the federal government should provide trust companies and banks with an incentive to renegotiate high rate, long term mortgages. The 'yes' box was ticked by 54.2 percent of respondents, while 37.5 percent were not in favour of incentives to banks and trust companies.

Final question on the survey asked if the Income Tax Act should be amended to end the necessity of senior citizens paying income tax on a quarterly basis if they have interest income that is over 25 percent of their total income. Some 59.1 percent of the respondents voted yes to the question, while 33.6 percent said they would not like to see the act changed.

In releasing the results of the questionnaire, Scott said the response rate of 11.8 percent "was very high."

"In most areas they would be pleased with a four percent or a five percent reply," he said.

Demolition safety stressed

Man died when barn wall gave way, inquest hears

A five person coroner's jury has recommended that municipal by-law enforcement officers be trained in building demolition safety and inspect demolition sites to reduce the likelihood of injury to workers.

The recommendation came at an inquest Friday into the May 13

death of a Stanhope Township man, Wesley Samuel Crawford, age 61, who was fatally crushed when one wall of a barn he was dismantling fell on top of him.

Crawford, a long-time employee of Brownedale, had been given permission to complete the demolition of a barn on Brownedale property which had been damaged in a storm. Crawford was to obtain the wood he salvaged in payment. As a result of the arrangement, the subsequent mishap was deemed to be an industrial accident, and a coroner's inquest was required.

Only two walls of the barn were standing when Crawford began removing outer boards, the inquest was told. Although no one witnessed the accident, a Ministry of Labour official who testified at the inquest speculated that Crawford was removing the boards by prying them off from the bottom. As he worked his way outward from the corner where the two remaining

walls were joined, the unsupported end of the wall on which Crawford was working would have flexed back and forth as each board was pried off, the labour ministry witness said.

Because the barn was in poor condition, the pegs holding the mortice and tenon corner joints together lacked strength, and the joints broke under the strain of Crawford's demolition efforts, the inquest was told.

Crawford, who was working at the base of the wall, was unable to get out of the way as the wall toppled outward. He was crushed by the 12 inch square beams.

Although the accident was not discovered until 3 p.m. on May 13, Crawford is thought to have been killed sometime between 10:30 a.m., when he had coffee at Green Lake Resort, and noon.

Coroner Dr. Blair Pierce attended the scene, and presided at last Friday's inquest.

Your response says a lot

By GARY CHAPMAN,
OPP Community Services Officer

The Ontario Provincial Police have arranged for a mass influx of officers into the Minden Detachment to supplement the regular staff during the Holiday Season. The officers will be billeted at area motels and will not be granted any days off until the new year. The patrols will operate between 5:00 p.m. and 5:00 a.m. daily. This should ensure virtually every road in the County will have at least one police checkpoint and should effect every driver coming from a house party or social function.

The foregoing is NOT true. Manpower limitations and budget constraints do not allow for a saturation patrol of this magnitude. But what was your reaction upon reading it? Did you feel it unfair? Did you feel your rights were being violated? Your right to "get feeling good", then drive home. If that was your reaction, then you've got the wrong attitude.

The fact that drinking drivers are the most significant cause of fatal and serious injury accidents is well documented and must be combated. The concern is not of the social party habits of the community but of the drinking and driving habits.

We at Minden Detachment hope you enjoy the Holiday Season. Visit friends and family and attend the social functions. But choose an option to driving after drinking. If for no other reason, refrain from driving out of fear of being caught. Adopt the belief you will pass through a police spot check on your way home. And after all, you very well may!

Even with snow on the ground you can still see evidence of glaciation in Haliburton County, as these senior students from HHSES found out last week during a three day visit to the Leslie Frost Natural

Resources Centre near Dorset. The students supplemented guided tours in the outdoors with classroom sessions and recreational activities.

Tree by-law opposed

Councillors of Sherborne et al have formally registered their opposition to the idea of a county-wide tree cutting by-law. At a recent meeting, the councillors voted in favour of a resolution stating that they are "strongly opposed" to a proposed by-law from Haliburton County council to "restrict and regulate the destruction of trees."

"Members feel that such a by-law should be done by individual townships if it was ruled that such a by-law was warranted by the local council" the Sherborne et resolution states.

The county by-law, which is

expected to be considered at a meeting next Wednesday, is based on a similar by-law in effect for more than a year in Dysart et al. That by-law was created with the help of local commercial loggers and has received their support.

Stanhope deputy reeve Elgin Stouffer, chairman of the county's forest management committee, has reviewed the Dysart by-law, and told county council in November that he would bring a draft county-wide tree cutting by-law to the table in December.

In giving notice of the by-law proposal, Stouffer asked local councils to register their objections in advance, so that the by-law could be altered, if changes were warranted.

Sherborne et al's resolution against a county-wide by-law was backed by all five members.

President to visit groups

The President of Sir Sandford Fleming College, Dr. Charles Pascal, will spend two days in the Haliburton area this week meeting with students, educators and board of education officials.

Pascal will begin his visit with a talk and question period Thursday morning at Haliburton Highlands Secondary School, where students will have an opportunity to learn more about college programs.

A private luncheon will follow with director of education Doug Hodgson and board of education business administrator Stan Baker.

In the evening the Sir Sandford president will address a meeting of the Haliburton Rotary Club, then confer with school board trustees, principals and members of the Co-operative Evaluation and Development of School Systems (CEDSS) committee.

Dr. Pascal's stay in Haliburton will be capped with a luncheon at Wig-A-Mog that will include an address by the college president and a question period.

Police news

General Occurrences

During the period November 28 to December 4, personnel at Minden Detachment investigated the following occurrences: 17 motor vehicle accidents which resulted in three minor injuries; and 30 general occurrences including four break and enters and four thefts.

Winter Driving

From the accidents which occurred during the past week, it would appear motorists are not adjusting too well to winter road conditions. Of the 17 reported accidents, 14 involved drivers sliding off the roadways into rocks, sand piles and parked vehicles. No serious injuries occurred.

One accident in which two children were shaken up occurred on November 29 when a 1977 Dodge being driven by Darlene Visneskie, age 32, of Lindsay, went out of control on an ice patch on Highway 35 north of Carnarvon. The vehicle crossed the oncoming lane, broke off four guide posts, entered the ditch and rolled over. Her son Duane, age 8, and daughter Aimee, age 5, received minor injuries.

Car Rolls

A Stouffville woman required hospitalization after a single car accident on Highway 519 at Eagle Lake shortly after noon on Monday.

Monique Roadknight, age 22, was rounding a curve in her 1984 Ford when the vehicle began to fishtail on the slush covered road. The car went out of control, slid into the east ditch and rolled over, coming to rest on its wheels.

She was taken by ambulance to Haliburton Red Cross Hospital.

Damage to the vehicle was estimated at \$5000.

Two vehicle mishap

A Minden Township youth was charged with careless driving after he attempted to pass a turning car.

The mishap occurred Saturday at 1:45 p.m. on Highway 35 four kilometres north of Minden.

Paula Solway, age 34, of Minden Township was northbound and attempting to turn left into a driveway when Joel Gentle, age 16, who was also northbound, pulled out to pass.

The vehicles collided in the southbound lane, resulting in an estimated \$1500 damage to each.

Solway suffered minor injuries. Gentle was charged with careless driving.

Civic Hospital plans addition

Renovation and expansion of Peterborough Civic Hospital's paediatrics unit will begin December 5. Plans for the establishment of a Day Hospital and centralized Orthopaedic Services at St. Joseph's General Hospital were approved at the November 24 meeting of the Peterborough Hospitals Re-development Implementation Committee, Clayton M. Krug, chairman of the committee, has announced.

The 10-member implementation committee includes senior administrators, board chairmen, and chiefs of staff from both city hospitals and representatives of the District Health Council. The committee must approve any construction, renovation or expansion projects that are part of the Peterborough hospitals rationalization plan before the Ministry of Health will release funding.

Construction of the 54-bed paediatrics unit in 2-East and Hutchison-2 at Civic Hospital is expected to take about three months and cost about \$450,000 including construction, equipment and furnishings. The 25 beds in St. Joseph's children's ward will remain in use until the expansion at Civic is complete. Then 10 beds will be

converted to general surgical use at St. Joseph's and 15 beds will be closed.

The new Day Hospital at St. Joseph's will provide diagnostic, treatment and educational services for older patients on an out-patient basis. It is expected that 25 to 35 patients a day will use this service. Once funding is released by the Ministry of Health, construction is expected to begin in March and be completed in June. The Day Hospital will offer physiotherapy, occupational and recreational therapy, health education, speech therapy, diet counselling, social and financial counselling to older patients who require these services but do not need to be admitted into hospital. The cost of renovating the fourth floor of St. Joseph's "A" Wing is estimated at about \$245,000.

The renovation of two operating rooms at St. Joseph's to accommodate all elective orthopaedic surgery in Peterborough and surrounding counties is expected to begin February 1, 1984. Services to be provided include bone and joint surgery and the insertion of artificial joints (hip, knee, elbow, ankle, etc.). The cost of renovations is estimated at \$210,100.

Teacher David Kennedy shows a student how to use an orienteering compass during an outdoor session at the Leslie Frost Centre near Dorset. HHSES students spent three days at the centre studying topics related to their science courses.

Sherborne et al council

At the most recent meeting of Sherborne et al municipal council in Dorset, the following matters were considered:

Material submitted by Ministry of Natural Resources dealing with Project Proposal: Access Study C - Bracebridge District was reviewed by members. The clerk was directed to arrange for Ministry personnel to attend the next meeting of council.

Next on the agenda was the subject of County Roads list of proposed roads to be taken into the County System in future and those eliminated. Livingstone Lake Road extending from Skin Lake to Livingstone was on the list to be assumed in future. Members discussed this road in great length and requested that the Livingstone Lake Road remain on the list as a proposed future county road to be assumed into the County Road System.

The clerk was advised to notify the County Roads

Committee of the above resolution prior to November 14, 1983.

A letter from Ministry of Transportation and Communications regarding Highway #35, Curve at Bunny Hollow, North of the hamlet of Dorset was received and contained the following information - "that an advisory speed of 70 km/h sign, together with delineators, has been erected for southbound traffic. District Engineer, D.A.O. White stated that if drivers heed these signs and keep within the speed limit, the number of accidents on Highway 35 will significantly decrease."

The clerk was directed to receive information on where the present "deer crossing" signs are located in the vicinity of this sharp curve. If none are located between hair pin turn to the Bunny Hollow curve, a request will be made of MTC to consider placing such sign in this area.

Mrs. Isobel Grills forwarded a deed of conveyance to

the Township for parking lot purposes. Council reviewed the same and resolved to accept the deed of conveyance of a tract of land and premises situate lying and being composed of Part of Lot 20 in Concession XI of the Township of Sherborne in the

Eakins attacks restraint bill

Victoria/Haliburton MPP John Eakins has attacked Ontario's new wage restraint legislation, Bill 111, claiming it makes scapegoats of public sector workers.

Speaking in the Legislature recently, Eakins said the legislation, titled Public Sector Prices and Compensation Review Act, is "simply a method of wage control."

Under the bill, provincial contributions to municipalities and school boards will increase by only five percent in 1984. While wages are not specifically controlled for public servants not directly employed by the province, any increases beyond five percent for school board or municipal employees would be assessed directly back to property owners.

Eakins said provincial Treasurer Larry Grossman's priority appears to be "to get rid of the problem" of public sector wages "by putting it in the laps of municipal councils and school boards."

Eakins questioned the minister's reasoning in implementing controls on workers' wages while doing "nothing about the cost of the various services they have to pay for." He singled out Ontario Hydro rates as one example of the bill's

ineffectiveness at controlling costs.

The local MPP also asked Grossman to justify the fact that the Haliburton Victoria Pine Ridge District Health Unit was allowed last summer to increase by 33 percent, charges for septic and holding tank inspections.

"When a worker in the County of Haliburton must be subjected to an increase of somewhere in the vicinity of five percent, why should he be forced to pay 33 percent more to have the health unit inspect his holding tank?" Eakins asked.

He said Grossman should use his office "to make sure those agencies under his control also limit themselves to the same increase" of five percent.

Eakins also asked Grossman to consider reimbursing municipalities which incur extra expenses when they are called on to demonstrate whether changes in pension plans and other benefits to municipal employees comply with restraint legislation.

In conclusion, Eakins told the legislature that Bill 111 "is very unfair to many of our public servants in that their wages are restrained but the Treasurer appears to be doing nothing to curb prices."

Charges laid after series of breakins

Three Haliburton area residents face a number of charges in connection with a series of breakins and thefts in Haliburton village during the past two weeks.

Scott Mitchell, age 18, has been charged with five counts of break and enter, two counts of possession of stolen property, one count of mischief, and one count of breach of undertaking to keep the peace.

Bret Hie, age 21, has been charged with one count of break and enter and one count of possession of stolen property.

Dusty Upton, age 19, faces one charge of break and enter.

The charges relate to a number of occurrences. On November 18 a break and enter at the LCBO store resulted in \$170 damage and the theft of liquor valued at \$489.

On November 21 a break and enter occurred at the Dysart arena. Damage was set at \$130, and cigarettes valued at \$14 were stolen.

A window was smashed at the Dysart municipal office on November 21.

Christmas Collector Plates

in the Edwin M. Knowles tradition

As traditional as Christmas itself ... the Edwin M. Knowles China Company captures the joy, the enchantment of Christmas in two delightful, endearing collector plates.

Christmas

The "Christmas" is the sixth plate in the Americana Holidays Collection by master artist Don Spaulding. Captures the magic, the anticipation of two children trimming the family Christmas tree on a nineteenth century Christmas Eve. This limited edition plate is crafted on the finest china by the Edwin M. Knowles hallmark, the oldest name in American fine china.

Diameter: 8-1/2 in. (21.6 cm)
Bradex No.: 84-K41-2.6
Price: \$40.00

Santa in the Subway

The 1983 plate in the Rockwell Society of America's Christmas Series. "Santa in the Subway" is Norman Rockwell's humorous Christmas interpretation of a young boy discovering a sleepy department-store Santa on the subway. Originally painted in 1940, this limited-edition plate is certain to capture the hearts of all who receive it. Each plate bears the official seal of the Rockwell Society and the Edwin M. Knowles hallmark.

Diameter: 8-1/4 in. (21 cm)
Bradex No.: 84-R70-1.10
Price: \$39.00

Responding

The voters of Victoria/Haliburton who took the time to respond to a questionnaire sent out by MP Bill Scott have shown a predictably conservative attitude to issues facing the federal government, but there are indications of a liberal approach to abortion and other social matters.

While the nine questions were short, and allowed only a simple yes or no response, the exercise was a useful one if for no other reason than that it showed people in the riding are concerned about problems affecting the whole country. Close to 12 percent of the almost 38,000 questionnaires Scott sent out were returned, more than double the response that would have been anticipated in other ridings.

Many of the responses may not seem surprising, but they are often at odds with government policy. That could be a statistical aberration, or it could mean (and this seems more likely), that at least some government decisions and legislation do not reflect the beliefs of most Canadians.

Capital punishment is the most overwhelming example of this. Of those who responded to Scott's questionnaire, 86.3 percent said they were in favour of capital punishment, yet the government does not support that view. It seems that no amount of public pressure will bring back the death penalty. On this issue, as on many others, the government believes that the informed consciences of MP's should take precedence over the right wing attitudes of the general public.

The issue of the Cruise missile does not appear to be as controversial for Victoria/Haliburton voters as many people in the peace movement would wish. More than sixty percent of the respondents said the Cruise should be tested in Canada, a feeling that is shared by the federal government, which has given the go ahead for the missiles, minus warheads, to be tested over Alberta.

On the question of abortion, people in the riding appear to have a surprisingly liberal view, with 53.9 percent saying they favour the principle of abortion on demand.

Voters' views on the post office remain overwhelmingly negative, despite the high hopes of the federal government, which made the institution a Crown Corporation in a bid to introduce a measure of efficiency and accountability that has long been lacking. The change has not impressed area voters. More than three quarters of them can detect no improvement in service since the Crown Corporation was created.

Some 54 percent of the respondents think the government should provide trust companies and banks with an 'incentive' to renegotiate high interest, long term mortgages for home owners. But the 'incentive' is not spelled out. If the question had asked if tax money should be used to help out hard-pressed homeowners, would the response have been different?

Federal Health Minister Monique Begin's efforts to standardize medicare practices and keep doctors within the system appears to be popular with the majority of people in Victoria/Haliburton, if the statistical sample represented by the questionnaire is accurate. Almost 63 percent of the people who replied say doctors should not be allowed to opt out or extra bill their patients.

A survey such as the one circulated by the area MP is unavoidably simplistic. Few issues can be covered adequately with a yes or no.

But the survey was still a useful exercise. If nothing else, it gave voters a chance to comment on matters of importance to the country as a whole. And it may also have made the federal government seem just a little less distant.

Let's hope there will be more surveys in the near future. And let's hope that the questions can be framed to allow a broader range of opinion.

Letters to the Editor

To The Editor:

This letter is written primarily for the people and parents who think the government and town of Haliburton offers nothing. I admit, I was one of those until I recently moved to what looked like "greener grass", two hours from Los Angeles. I am now of another opinion and sure miss the "luxuries of home." Here's a few!

The CHACE Place was one of Julie's favourite places and a lifesaver for me many long days. There is nothing like that here. The government doesn't fund such projects. It's too busy with missiles and wars.

Last winter I enjoyed pottery classes at Sir Sandford Fleming. There is no college here and certainly no arts classes. Please appreciate what Barb Bolin and the college are offering you and do it! You may not always have the opportunity. Obviously, there is no Pinestone Parent and Child Swim. In fact, the only public swimming is an indoor pool - just in summer - and the beaches are entirely for skiers and boat launching. Swimmers are fined. Tanners and swimmers enjoy the freedom of Rotary Beach. Kids, enjoy the park. I haven't seen one that can match it.

And to all you hockey fans, there is no ice arena in this city...no hockey, no figure skating, and no public skating.

I must mention Dawn Brohman and the unselfish contribution she makes to children. Nursery schools here are from \$94 - \$145 a month - three mornings per week. You pay for all days, sick or absent, and even school holidays. Oh, for an alternative like Mrs. Brohman!

Think OHIP is too much? How would you like to pay \$141 a month and that only covers major hospital at 20% deductible. All doctor's visits, chiropractors and dentists are completely your responsibility. Needless to say, nobody can afford to be sick here and consider the cost of having a baby. Next few times you visit the doctor, think about paying \$30 - \$50 each time and then appreciate your doctor.

Everything is very expensive and the dollar is worth more. I don't understand the "stable" economy here.

Like drinking? It sure doesn't mix with driving here - or the officers. Any alcohol - even one drink - and you're in jail overnight and a \$500 fine, no breath test and no questions, it's the law. Don't abuse .08. It can get worse. One wheel over a double line even when sober is \$75.

These are a few of the changes for us, and things we miss that have made us realize Haliburton is a genuine "people" town.

I might add, this is not a bitter or unhappy letter, just one to encourage you to enjoy the

opportunities which are yours. Maybe while you're smiling with the good, it'll be easier to overlook the faults.

And in closing if I may, Greetings to all our terrific friends we left behind. We miss you and think of you often.

Happy 1984,
Sandra (Sandi) MacBrien
Big Bear Lake, California

To The Editor:

Having travelled extensively throughout Canada and having used many laundromats in different towns and cities, I have come across few to compare with facilities offered to the public here in Haliburton.

Quite frankly the laundromat here is a disgrace. I don't believe vandalism in Haliburton is so rampant that a decent laundromat cannot be maintained.

Considering that the operator of this "service" has a captive clientele, with no alternative but to go there, I feel there is no excuse for poorly maintained equipment and premises.

I feel the present laundromat reflects badly on our village, particularly as we depend on tourist trade, most of whom are forced to rely on this facility.

I think anyone who has had to use this laundromat with any regularity will agree with my observations. Let's hope some enterprising businessperson will seize a golden opportunity and open a new, clean, well run operation. I think many thankful people would show their appreciation by using it.

Pamela Brohm
Haliburton, Ont.

To The Editor:

Since its inception in 1978, the College Community Choir has presented an annual concert of Christmas music in the form of a "Carol Sing-A-Long." This year the choir will move from Kent Place in Lindsay to St. Marys R.C. Church (corner Russell and St. Lawrence Sts.) to present its Christmas Concert on Friday, December 16 at 8:00 p.m. The admission is free and everyone is welcome. A special offering will be received in support of the Santa Claus Stocking Fund.

St. Marys Church is noted for its beautiful architecture, fine acoustics, and excellent pipe organ which has recently been rebuilt. The Christmas setting around the altar of the church has always been greatly admired and brings a special significance to the real meaning of this season.

Feir Play

Creighton Feir

On Wednesday, November 30 at 5:30 p.m. Jim Perrin walked out of his office and onto the street for the last time as postmaster at the Haliburton Post Office. Jim, who had worked in the Post Office at Haliburton for the past 31 years, of which he served 25 years as postmaster, was starting his retirement with the satisfaction that he knew deep down in his heart that it was a job well done. We have to agree that from the first day that he started with the postal service to the final day, which was last Wednesday, he gave the Federal Government a 100% effort. He was always on the job and ready to serve. Whether it was behind one of the wickets, sorting mail or in his office he treated everyone the same and his good natured manner made him a great many friends. During most of those 31 years I have been connected with the Haliburton County Echo, and as anyone who has ever been connected with a weekly paper knows, the post office plays a big part in its operation. Each week after the paper is printed and labeled in our office, many copies are transported to the Post Office where the staff places them in different bags for distribution to other post offices. The remainder are placed in general delivery and post office boxes. During all the years I can honestly say that there was never a time when Jim Perrin and his staff didn't go out of their way to give us service and make sure that our papers were on their way even though we were late on several occasions. They also did us a great deal of favours which I shall never forget. I have known Jim Perrin for a long time even before he entered the post office. I first met him when he was driving one of his father's taxis and along with many of my chums in those days we always looked for Jim when we needed a taxi. We all hung around together in those days so I got to know Jim really well. Later on he joined his father Al Perrin once again and played the drums at the Golden Slipper for the Rythmn Swing Aces. Jim told me that he will find plenty to do in his retirement years as he loves to travel and will spend a great deal of the time visiting with some of his family out West. He also says that he has a great deal of work to do around the house. As one former postal worker to another I want to take this opportunity to wish Jim and his wife Evelyn good health, happiness and prosperity in the years that lie ahead.

Bob Nicholl has just reminded me that there are only two weeks left to purchase season tickets for all of the Haliburton Huskies home games. A ticket also gives you a chance to win a trip to the Bahamas. The draw will take place on December 18.

At a recent meeting of the Rotary Club of Haliburton Gerry Dawson, assisted by Ken Rydman, showed a film which helped enlighten the members on some of the functions of The Rotary Foundation. In their Health, Hunger and Humanity program which will require twenty million dollars, Foundation Scholarships provide Peace and Goodwill Ambassadors throughout the world whose duties are to share and learn. The program is providing aid to the Philippines to stamp out polio in that country, which has 75% of the world's victims.

Lieutenant Sidney Buell of the Salvation Army at Haliburton reports that the Salvation Army Christmas Cheer Kettles are located in front of the two Stedmans stores in Haliburton and Minden. They will be in operation on Thursdays, Fridays and Saturdays and every day throughout Christmas week. The money from the kettles is used in the Christmas Welfare Fund to help needy families in the area at Christmas and the money left over is used wherever needed during the remainder of the year. Give generously when you see the Christmas Cheer Kettles - your donation will make someone happy.

We have mentioned on several occasions that if we hope to have an all year round economy here in the Highlands of Haliburton, that a good start toward this goal would be to promote winter business. There seems to be some good signs of progress being made in this area which in my opinion is a step in the right direction. Before great advancements are made some changes will have to be made. We understand that many people who are coming back find that on certain weekends, the Highlands are really lacking in accommodation. Someone remarked just the other day that we need double the accommodation that we now have.

Friends of Dr. and Mrs. Blair Pierce were sorry to learn that they left Haliburton last week to take up residence in London, Ontario. They will be missed, not only because the community has lost a doctor, but also because during their stay here, Blair and Barb were active in many organizations. Blair organized the Terry Fox Run every September, they were members of the Highlands Squash Club, directors in Big Brothers and active workers on behalf of the Haliburton Highlands Cross Country Ski Club. Blair also was a trustee on the Haliburton County Board of Education, while Barb devoted a great deal of her time to community service projects. We join with their many friends in wishing them the best of luck in their new surroundings in London.

Pic of the Past

This week's Pic of the Past takes us back to the year 1923 when Lynn tractors were used to pull sleighs loaded with cordwood from the area around Loon Lake to the Standard Chemical plant in Donald, Ontario. In the above photo

the tractor can be seen pulling approximately 15 sleighs with 50 cords of wood on each sleigh. Pete Burford of Haliburton usually drove the tractor along icy roads that were kept covered with ice so that the tractor didn't have to pull too hard to pull the sleighs. A tank with water was used to keep the roads flooded and icy. Our thanks to Mrs. Arthur Veitch of 25 Castles Avenue in Toronto for supplying us with this photo.

As others see it

From the Ontario Safety League

Statistics don't lie. The problem of drunken driving won't go away unless we do something about it. All of us.

- 7 out of 10 adults in Canada drink alcoholic beverages. Almost all drive.
- Drunken driving is our nation's number one homicide with approximately 2,000 deaths recorded yearly. This doesn't include the 65,000 related injuries.
- Drunk driving is the number one killer of Canadians between the ages of 16 - 24.
- Surveys indicate drivers in the 30 - 34 year age bracket had been drinking most often.

How can we help stop this unnecessary horror? We can support and encourage strict drunk driving laws, but moreover, each of us must feel a personal sense of responsibility.

Basically everyone who drinks drinks and drives. Reasons for drunk drivers on the road vary: two buddies celebrating a promotion, teenagers trying to be one of the "group", some folks out for a "night on the town". But remember, you or a loved one can become the victim of one of these "nice people" who commit a criminal act by driving under the influence of alcohol. Or, if you drink and drive, you might be the victimizer...the criminal.

What is a drunk driver? Anyone who drinks and drives while impaired fits the description. In

Canada it is illegal (Criminal Code) to drive with a blood alcohol concentration (BAC) of .08 percent. To reach that level, a 175 lb. man would only need to drink three or four 12 oz. beers within an hour. However, impairment can occur at a lower BAC. In fact, in Ontario your licence can be suspended for 12 hours if you have a BAC of .05 percent. The majority of the civilized world recognizes a .05 percent level for impairment.

Remember, long before any signs of drunkenness, alcohol reduces a driver's tolerance to glare, causes drivers to underestimate speed and distance and encourages impulsive responses and risk taking. Recent research also indicates that a hangover is much more than a fuzzy reminder of the night before. It indicates that the alcohol is still affecting your system.

Here are some facts about drinking:

- Beer drinkers are just as likely to get involved in accidents as drivers who have had wine or liquor.
- Chances of meeting a drunk driver are twice as great between 1 a.m. and 3 a.m. as in the period of 10 p.m. to midnight.
- Fifty percent of pedestrian accident victims have been drinking.
- Nothing tempers the effect of alcohol except time - not eating, drinking coffee or exercising.

Don't add to the horrifying drunk driving statistics. Don't drink and drive. And, if possible prevent others from menacing our roads. If you plan to drink, allow sufficient time before you drive, or better yet, have someone else do the driving. Support strict legislation to reduce this growing crime. If we join together as morally responsible adults, we can lower the grim statistics, save lives and prevent injuries.

Queen's Park Report

John Eakins, M.P.P.

I am sure that most constituents were aware of the debate in the Legislature which focused on Ontario being declared a nuclear arms free zone. Although the resolution was defeated by the government members voting as a block, I did support Mr. Allen's initiative. Personally, I felt it was a poorly worded resolution, but regardless, I felt that I should set aside my objections and vote for the spirit of the proposal. Although the time limit for debate was very limited, there were nevertheless many fine speeches on the subject.

Nuclear warfare must never happen. There would be no winners - only losers. The military madness of the two great powers is drawing us all closer and closer to the end of the world. Like many scientists, I accept the thesis that the day after would be no day at all, but rather the night of a winter that would last for centuries. Like many strategists, I conclude that the bomb is not a weapon of war, it is an instrument of blackmail and terror, which once unleashed, would consign us and all generations to the Inferno.

Discussion on this private members resolution was an important first step towards awareness. Awareness is a step towards education. I have personal respect for peace movements around the world. I believe they are genuinely erupting from fear of the nuclear path the two super powers are taking. While people who are looking for an anti-establishment cause join in, the peace movement does have an honest momentum of its own.

While I supported the resolution, I mentioned I was not comfortable with the wording of it. From a purely legalistic or technical point of view, we do not have the constitutional authority to declare Ontario a nuclear free zone. If we had such powers and we banned the activities of the resolution, the actions would have no effect on the arms race. We do not confront a military situation, but we confront a political situation, and the resolution points to a strategic solution that only political will and action can solve.

The awful spectre of these two giants squaring off against each other is horrifying, and impossible to understand.

Each side must accept the other. There is no democratic government waiting in the wings in Russia. There is no communist government waiting in the wings in the U.S.A.

Each of the giants could take some risks, such as declaring they would not make a first strike. Refusal to do so would only guarantee arms escalation.

Fourteen years ago, the Town of Lindsay and Nayoro, Japan, took the path of world understanding by declaring themselves to be sister cities. It is a path that communities around the world could well afford to take. It would go a long way to removing fear and mistrust among our world citizens. I shall always be proud of having taken that pathway.

From the Chamber

We are sad to announce that as of the first of January, we will be losing one of the Chamber's most valuable assets. Elaine Blakey, secretary to the Chamber since 1976, has handed in her resignation so that she will be able to devote more time to her home and family. As the past few years have gone by her job responsibilities have grown like Topsy and through it all she has given her best. Everyone involved in the Chamber management, the Board of Directors and all our members will miss her. Lucky for us she has agreed to keep in touch and help smooth the transition. Our best wishes go with her.

If you are like the rest of us, you're still running around doing your last minute Christmas shopping (locally of course). If you are in need of a couple of ideas for stocking stuffers, why not our very own Haliburton County Trade Dollars. These

attractive coins celebrate the 1983 granting of full County status. They are a great gift for nieces, nephews, children, grandchildren, coin collectors, etc. Buy a dollar's worth of history. They can be obtained at all local banks, as well as at selected retail stores. If they've run out call at the Chamber office.

Another good buy for gift-giving is the Haliburton Highlands Shop and Deal coupon book. For a modest \$5 you get coupons worth up to \$550 at participating retailers and services. Give one to all those hard to buy for people. They are also available at participating stores and the Chamber office.

The Shop and Deal books are also a great way for clubs and sports teams to raise money for ice time, uniforms and the like. If your group could use a few dollars, call the Chamber for further information (286-1760).

HIGHLAND ST.
HALIBURTON **457-1590**

There was plenty of hard checking and fast action along the boards as Thornhill and Huntsville played for the grand championship final in last weekend's LKTA Bantam hockey tournament in Haliburton. The

tournament was reduced to eight teams this year from as many as 16 teams in the past, but there was still a high level of competition.

Huskies roar back to win

Six goal flurry leaves Gravenhurst players panting

By BRYAN ABBS

Someone once said that revenge is sweet and the Haliburton Huskies savoured every minute of it in Huntsville last Tuesday night when they beat the home town club 10-1 after losing two previous meetings to the Huntsville team.

It took the Huskies just 42 seconds to score as Upton connected from Mitchell and Nicholls (a very hot line of late). At 10:16 Steve Smith scored from Nicholls to make it 2-0. At 15:22 Huntsville got their only goal and it was 2-1 heading for period two.

The tune was all Huskies for the rest of the game. Arbutnot scored from Mitchell and Upton on a power play at 18 seconds of the second. At 3:01 Nicholls scored from Mitchell and Upton, at 10:29 Mitchell connected from Nicholls and Barry Boice and at 14:15

Bishop added another from Nicholls. The second ended 6-1 Huskies.

The third was the same as the second. Just 35 seconds into the period Upton scored from Nicholls and Mitchell, at 8:11 Jeff Smith notched one from Steve Smith, and at the 12:10 mark, Upton scored from Arbutnot and Nicholls on a power play. At 17:25 it was Nicholls from Upton and Bishop, again on a power play.

The game was the usual Haliburton-Huntsville encounter with Huskies taking 22 minutes in penalties to Huntsville's 30 minutes. The difference was Huskies' ability to capitalize on their opportunities and some good goaltending by Haliburton's Dave Storey.

Another comeback

Huskies made it three wins in a row in Minden Sunday afternoon with a big comeback from behind 8-5 win over

Gravenhurst. In their biggest comeback of the year, Haliburton found themselves down 5-2 with a little over ten minutes left to play in the third period, but came roaring back.

Huskies opened the scoring at the 39 second mark of the first with Kelly Mitchell scoring from Dave Nicholls. At 8:07 Scheffee counted from Boice and Steve Smith to make it 2-0.

Gravenhurst scored at 16:32 and tied the game at two at 19:35 on a power play. Huskies took five minor penalties and Gravenhurst none in the period.

In an extremely chippy second the Indians took a 4-2 lead with goals at the 56 second mark and again at 12:30 with Huskies a man short.

Gravenhurst upped the count to 5-2 at 2:37 and the Huskies appeared to be disorganized. The turnaround for Huskies started at 9:45 when Rob Abbs slapped a 40 footer past a previously red hot Gravenhurst goalie with assists going to Tony Scheffee and Barry Boice. This seemed to spark the Huskies and at 10:19 Arbutnot from Upton and

Mitchell made it 5-4.

Just a little over a minute later, at 11:42, Bishop counted from Newell to tie the score.

The go-ahead goal came at 12:55 when Rae scored from Arbutnot with Gravenhurst a man short.

The Indians changed goalies but the Huskies kept the pressure on and with each team playing four a side, Arbutnot scored from Mitchell and Bishop at 15:29 and Mitchell added one from Arbutnot at 15:54 to make it 8-5 Haliburton, as the Indians simply could not cope with the relentless attack of the Huskies.

This game saw far too many penalties with Dave Nicholls of Huskies ejected with a game misconduct in the second.

Gravenhurst deserved a few more than they got but some of their fouls went undetected by the on again, off again officials.

Next home game for the Huskies will be Sunday, December 11 against Parry Sound at 2 p.m. Come out and watch the Huskies who are now battling for first place in their division.

Thornhill wins tourney

Participation down, but teams battled hard

A fast skating team from Thornhill dominated the competition in the annual Hodgson Memorial Bantam hockey tournament over the weekend, taking the grand championship match 5-2 from Huntsville.

The tournament, sponsored by the Lake Katchewanagawigamog Tourist Association and Haliburton Minor Hockey, attracted only eight teams this year, but organizers managed to stretch it over two days, giving teams and parents an easier schedule.

In opening round action, Oshawa Bruins edged out Newmarket 4-3, Willowdale got by Haliburton 6-3, Georgetown took Huntsville 5-3 and Thornhill overwhelmed Minden 16-1.

Haliburton got off the mark quickly in their first round match as Scott McKee scored with help from Shawn Stoughton and Alan Rydman.

At the 2:30 mark, the visitors tied things up at two, then moved a goal in front at 11:01. With 59 seconds on the clock, Jaro Cooper put Haliburton back into contention as he netted an Erin Nicholls pass.

The third period was an all Willowdale show on the scoreboard as Haliburton's

losing 14-3 to Huntsville.

On the championship side, Oshawa defeated Willowdale 4-1 and Thornhill doubled Georgetown 6-3.

Play resumed Sunday morning, and Huntsville continued to look strong, making easy work of Newmarket on their way to a 12-1 victory.

Thornhill got one in the second period to narrow the margin, but both teams were sharp on defense in one of the fastest, cleanest games of the tournament.

Thornhill tied the score early in the third period, then pressed the attack, adding three more, the final goal into an empty net, to win the title 5-2.

Thornhill's David McDonald was named the most valuable player of the tournament and won a one week scholarship to Haliburton Hockey Haven camp.

Huntsville's Kent Anderson was named the best defenseman of the tournament, with best goalie honours going to Oshawa's David Clarke.

The sportsmanship award was presented to the Oshawa team, coached by David McCormick.

Local teams out in second round

shooters were stymied, unable to respond to three goals from the visitors.

Jaro Cooper was the star of the game for Haliburton.

The loss moved Haliburton to the consolation side, where they had no better luck against Newmarket, dropping the game 7-0.

Minden was also outplayed in their second match,

Thornhill also showed their speed and strength but were kept to a respectable five goals by Oshawa, who could manage only one marker in the championship final.

Huntsville started quickly in the Grand Championship game, netting two unanswered goals in the first period.

Minden teams are kept busy

By SHIRLEY WALKER

Minden Pee Wees played in Minden Saturday, December 3 and got an 8-1 win over Port Carling.

Scoring for Minden were Scott Russell with seven goals, six of them unassisted and one assisted by Kent Taylor, and Sheldon Stevenson with one goal assisted by Kent Taylor.

Lorne Greer lost his bid for a shut out when Port Carling scored with 2:27 left to play in the game.

Minden Juveniles played in Minden Friday, December 2, edging out Mactier 6-4.

Scoring for Minden were: Kevin Smith from Doug Schell; Jim McKelvey from Eldon Bull and Kevin Smith; Blaine McKelvey from Boomer Stamp; Scott Yake from Stamp and Scot Hamilton; Hamilton from Louie Reynolds and Scott Yake; and Hamilton unassisted.

Tim Deremo had a good game in goal for Minden.

The Minden Juveniles go to Powasson on Tuesday, December 20 for two games, Tuesday and Wednesday. Any fans wanting to go please contact Shirley Hie as they hope to rent one motel.

Upcoming games: Friday, December 9, 8:00 p.m. - Humphrey Juveniles at Minden. Saturday, December 10, 12:30 p.m. - Novice House League Intersquad game; 1:30 p.m. - Port Carling Atoms at Minden; 2:30 p.m. - Huntsville Pee Wees at Minden; 4:00 p.m. - Port Carling Bantams at Minden.

Thornhill dominated play in the grand championship game of the annual LKTA sponsored Bantam tournament on Sunday, in a clean, hard fought contest.

Police lay charges in wake of breakins

from page 2

ber 27, resulting in \$90 damage.

On November 30 the Haliburton LCBO store was again broken into, resulting in \$150 damage and the theft of \$256 worth of liquor.

Mary Lou's snackbar was broken into on December 1, causing \$150 damage. Cigarettes worth \$6.75 were stolen.

The Good Medical Centre was the object of an attempted break and enter on the same date, December 1. A window was broken, causing an estimated \$150 damage, but nothing was reported stolen.

Also on December 1, the LCBO store was robbed for a third time in two weeks. Liquor valued at \$965 was stolen. Entrance was gained through a window that had been broken in an earlier robbery but not yet repaired.

Atoms skate to win over Minden rivals

Haliburton's OMHA Atoms have broken a season-long deadlock with their counterparts from Minden. In the first three meetings between the teams, the score remained tied when time ran out. But on Saturday in Minden, Haliburton came out on the winning end of a 5-3 score.

Chris Greenfield put Haliburton in front in the first period with an unassisted goal.

In the second period, Jamie Hunter made it 2-0 for Haliburton with help from Reid Elstone.

Minden moved to within one, but Wade Wood made it 3-1 before the period ended.

getting help from Jamie Hunter and Russel Morrison. In the third period Minden again moved to within one goal, but Chad Bain made it 4-2 on a three way play from Derek Wilson and Greg Brohman.

Minden came back once again to narrow the margin to a single goal, but Haliburton got the final marker, as Wade Wood connected from Jason Casey and Jamie Hunter.

Hans Fluegel was once again solid between the pipes for Haliburton.

On Friday Haliburton will be at home against Bracebridge. Game time is 7 p.m.

Haliburton Midget team wins at Ennismore tourney

Haliburton's Midget hockey team travelled to Bracebridge recently where fans enjoyed a clean, fast hockey game and good officiating. The Mindeburton/Haliburton team was short handed but determined, and with Andrew Burk in the net the result was a respectable 3-2 loss for the local boys. Scoring for the Blue were Len Johnston from Greg Newell and Mike MacNaull; and Jeff Howe from Greg Newell.

The team travelled to Ennismore on the weekend to compete in a tournament.

In game one, the blue team outplayed and outscored Campbellford 5-2. Scoring for Haliburton were Chris LaPorte from Jeff Howe; Ian Cooper from Cory McKnight and Tran LaRue; Chris LaPorte unassisted; Mike MacNaull from Cory McKnight; and Cory McKnight from Jeff Howe and Ian Cooper. The MVP award went to Chris LaPorte.

Game two was closer, but Haliburton once more had the edge, defeating Godfrey 3-2. Scoring were: Mike MacNaull from Andy Miller; Jeff Howe from Cory McKnight and Mike MacNaull; and Jeff Howe unassisted. MVP was Jeff Howe.

In game three the blue team shut out Aylmer 3-0 to take home the hardware. Scoring were Chris LaPorte from Ian Cooper and Len Johnston; Jeff Howe from Tran LaRue and Chris LaPorte; and Mike MacNaull from Jeff Howe and Chris LaPorte. The MVP award went to Mike Blake.

Congratulations to all the boys for a mighty fine team effort and in particular to goal tenders Vince Duchene and Andrew Burk who were just outstanding. Coming up: Tuesday, December 6, Huntsville at Haliburton, 8:30. Sunday, December 11, Haliburton at MacTier, 5:30. Tuesday, December 13, Bracebridge at Haliburton, 8:30.

New sweaters for PeeWees

On Friday the Haliburton Pee Wees, who are sporting new sweaters donated by Dixie Lee, Haliburton, played an exhibition match against the Haliburton OMHA Atoms, coming away with a 4-1 victory. The Atoms goal was scored by Reid Elstone. Pee Wees goals were scored as follows: Steve Prime, unassisted, Jason Morissette, unassisted, Steve Prime assisted by Christopher Dair, and Brian Waller scored unassisted.

On Saturday the team travelled to Wilberforce. They played a good game but came up short, losing 6-4.

Haliburton scorers were Christopher Dair, unassisted, Steve Prime assisted by Jason Morissette, Jason Morissette assisted by Brian Waller, and Craig Bain assisted by Jason Morissette.

The Pee Wees' next game is Saturday, December 10 at home at 1:00 p.m. against Bancroft (2).

Huntsville spent a lot of time defending their goalkeeper on Sunday as Thornhill skated to a 5-2 victory and the grand championship of the LKTA

Hodgson Memorial Atom tournament. The action was intense and the penalties few in the final match of the two day event.

Teams set sights on Lumber

Power failure cuts match, decision will have to wait

Undeclared seasons are all but impossible in any team effort, so it seems likely that Haliburton Lumber will lose a game sometime between now and spring breakup. But so far, the lumbermen have dominated the Haliburton men's recreational hockey league, and only Emmerson Lumber has come close to snapping the perfect record.

Meanwhile, Bishop and Wilson, who have been trailing the pack, have come alive, registering a convincing win over Curry Motors Monday night.

A power failure plunged the arena into darkness last Monday, cutting short the second match of the night, but in the opener, Emmerson Lumber skated to a 7-4 win over Bishop and Wilson.

The surveyors took a one goal lead late in the first period on a goal by Tom Curry. Emmerson Lumber tied the score on a Mark Schell goal early in the second, then moved in front as Kim Emmerson con-

ducted. Bob Woodcock replied for the surveyors to regain the tie, but Emmerson got his second to move his team in front before the end of the period.

In the third the Emmerson squad stretched its lead on goals by Kim Emmerson, Guy Ramsey and Gary Brohman. Bishop and Wilson rallied for two more, as Tom Curry and Stewart Baker each dented the mesh, but Brian Mullholland capped the win for Emmerson on a marker with just 10 seconds remaining.

Luck was with Haliburton Lumber in the second game. They were trailing 2-1 to Curry Motors when the lights went out in the first period, and the game will be rescheduled for later in the season. This past Monday night, Bishop and Wilson blasted Curry Motors 11-5, while Haliburton Lumber squeaked by Emmerson Lumber 5-4. Scoring for Bishop and Wilson were Brian Black,

Steve Cooper with three, Tom Curry with two, Jim Winn with two, and Ken Riley, Bob Woodcock, Wayne Ellison with singles. Curry Motors scorers were Scott Cook with two, Philip Barry, Pete Lymburner and Luke Schell.

Emmerson Lumber got off the mark first in the other game of the night, as Dean Curry scored with only seconds left in the first period. Kevin Sisson tied the

match in the second, then in the third, Haliburton Lumber moved ahead by three as Bob Nichol, Kevin Newell and Keith Hodgson made it 4-1. Kim Emmerson cut the score to 4-2, then Gary Brohman moved Emmerson Lumber to within one.

Walt Prime made it 5-3 for Haliburton Lumber with a little over six minutes left to play, and the team hung on, despite a goal by Mark Schell with 2:27 left on the clock.

Sledders get cash from Minden race

The Canadian Select Bobsled Team has already begun competing in a demanding schedule of events that will, in less than three months, lead to the goal for which they've trained over four years; the 1984 Winter Olympic Games in Sarajevo, Yugoslavia.

Before the Selects left for Germany, they were celebrated in Toronto by the organizers of the Heineken Yard roadrace. The toasts were sweetened with over \$2700 in entry fees, and in pledges collected by the Brooks Racing Team, at the race held every summer in Minden, Ont. Race Director,

Ian Sainsbury, and David Willis of the Rockcliffe Hotel joined Erik Bakker from Heineken Breweries and Kathe Needham of Brooks Athletic Shoes in presenting the cheques.

The Bobsledders have competed in the 7.2 km event since 1981 by pushing their 600 lb. bobsled on its wheeled training suspension over the last mile after running from the start. After three hot summers of that, who would begrudge the money that was collected on their behalf? Certainly not the 360 runners who came to the Haliburton Highlands' oldest roadrace to support the team.

Lindsay hunt a success

The 1983 deer hunt in the Lindsay area is now history, and preliminary results show that it was very successful. In contrast to last year the weather was very good, and did much to encourage more hunters to spend more time hunting. Overall, the kill is up in wildlife management

units around Lindsay. The winter of 1982-83 was relatively mild and the deer herd prospered. This has been confirmed by the results of the hunt which showed that the 1983 year-class was very strong - exactly what would be expected.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Did you know

By RUTH FOSTER

In Haliburton County, as in many other rural communities, we have several people who have drug and alcohol problems.

It is because of this situation that the Committee for Alcohol and Drug Education (C.A.D.E.) was formed.

The C.A.D.E. group will be meeting next on December 9, 1983, at 12:00 noon in the Drag River Municipal Building located in Haliburton. They will be having a guest speaker and a film to kick things off.

Randy Walsh will be the speaker and he is a Drug and Alcohol Counsellor from the Canadian Forces Base in Trenton. The film Mr. Walsh will present is entitled "The Chemical People." This film is a recent critically acclaimed production of the PBS television network. "The Chemical People"

deals with denial on both the individual and community level, as well as strategies for intervention.

I would like to encourage anyone who is interested in joining the meeting to bring a lunch and join us. Coffee will be served and the meeting will take about two hours. I am sure that it will be very interesting. So, for further details on this, call Pat Cavanagh at 457-1661.

Please keep in mind, your County Information Centre is here to answer all your health, legal, social, governmental or environmental questions. So, drop in to the Drag River Municipal Building in Haliburton or call us at 457-2733. Our office open Monday through Friday, 10:00 a.m. til 4:00 p.m.

And remember, you will never know the answer until you ask the question.

Home Support News

By MARIE WALLACE, Co-Ordinator

A group of dedicated volunteers have been busy preparing a Christmas Newsletter for all seniors in Haliburton County. This is the thirteenth issue since they began working together on this project back in July of 1980.

We are hoping that if you do not already have your newsletter you will pick one up at the Home Support office, located on Maple Street in Haliburton Village, across from Emmerson Lumber. Or, if you call us we will see that you receive a copy by mail.

In this issue is a list of the noon-dinner locations of the Wheels to Meals program and the convener in charge of reservations. This is an excellent opportunity for a volunteer to take a shut-in

out for dinner, also for new seniors to our area to get acquainted with friends. Also printed is a list of the social activities and churches in each community, and the senior clubs in the county.

Hopefully, this will assist newly retired persons become acquainted with functions of interest to them. For those needing foot care, the clinics, dates and contact persons in the six centres where they are held are printed - keep this handy for future reference.

All senior organizations and groups are encouraged to submit items of interest to the office for publication in the next issue - Spring 1984. Remember also to give us your favourite recipes for two, diabetics, etc. - it has been suggested we print a cookbook.

Bob Bishop Senior got a candy cane from Santa at the Rails' End Gallery on Saturday, as did dozens of other people who came out to the gallery in search of hand made Christmas gift items. Santa will be back for the next two Saturdays.

Tables and walls of the Rails' End Gallery are covered with arts and crafts these days as the annual Christmas sale continues. The sale is always popular,

but a large number of items can still be found if you're looking for gifts.

Senior League

BY BERT HARRISON

We were sorry to miss the service in the chapel Sunday night, to tell your guests to please go home doesn't seem just right. I just received word that Mary Oliver's sister-in-law, Minnie Sisson had just passed away. Our sympathy to Mary and all her relatives at this time we would like to say.

Well readers, we have had three winters already, now we have more snow. Do you think that it will stay or is it going to go?

Monday morning down at fun & fitness bless her little heart, Doris Vaughan won at throwing darts. The ladies were working in the craft room Monday afternoon. They work two afternoons a week. They should be caught up soon. We watched three movies Monday night.

"Christmas Pace" "Companions", and "Cry of the Marsh", which was rather harsh.

Tuesday morning, Pastor and Mrs. Wood from Allsaw Pentecostal church held a nice service in the chapel. Pastor Wood gave us a interesting message and Mrs. Wood sang and closed with prayer. We were glad that we were there.

Angus Coulter works away making old furniture look like new. If he had to quit work I don't know what he would do.

Tuesday night is music night here at Hyland Crest. Everett and Terry Lynne were our special guests. They really entertained with music and with song. Please come back soon again; don't stay away so long.

Wednesday afternoon the "Happy Wanderers" wandered up from Cobocok, wandered into Hyland Crest and didn't even knock. They had been here before a good many times, but this was the first they were entertaining along the Christmas line. They opened with O'Canada, they really have the track. They played and sang Christmas Carols and some good old hymns, and we enjoyed them very much.

The ladies of the Eastern Star brought in the lunch Thursday. Several came from different parts not too far away. They go to much trouble and really treat us

fine with good food, tea and soft drinks, but not any wine.

As we near the end of eighty three, we would like to tell you some of our Auxiliary activities. They purchased for us four lovely round tables so we will not need to sit at long tables anymore. To give us a little cheer, they gave money to buy Xmas presents for all the residents here. To purchase a new organ, they are helping out on that too. To the Auxiliary members we take off our hats. To all the members and all you hold dear, a Very Merry Christmas and a Happy New Year.

The Bingo members had something to crow about Thursday night. The bingo numbers were called by members of the Kinsmen Club, Opal, Craig and Steve Crowe who did the job just right. We have had no fun and fitness the last two mornings, we are all getting ready for our Xmas concert. No Sing Song Friday afternoon, sorry Grace Coburn had a real bad cold and her voice was out of tune. Santa came to visit us, with two darling Elves, brought us children candy canes because we behaved ourselves.

In the last couple of days two diamond rings have come to Hyland Crest, Melinda Wood and Jill Stamp. Congratulations girls and we wish you all the best.

Large herds made targets

from page 7

pected after an easy winter.

Most of the deer were shot during the first two days of the hunt, with hunters in Mariposa, Ops, Manvers, and Bexley Townships being most successful. The largest deer, brought to the check station in Lindsay, was shot in Fenelon Township and weighed 89 kilograms. A deer shot in Scugog Township boasted the most impressive set of antlers with 17 points.

The final results of the hunt will not be available until late this year when all reports from the hunters have been received by the Ministry, and the calculations completed.

There were a few infractions encountered by enforcement officers, most of which were related to trespassing, or hunters hunting in the controlled hunt area without the proper validation stickers.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Gooderham News

By MARY HADLEY

The school children took their report cards home last Thursday. Parent-teacher interviews were held on Friday. On December 8 the children will attend a puppet show at Wilberforce. The next day, December 9, at 7 p.m. in the Community Centre the annual school Christmas concert will be staged. The teachers and students work hard at this and always come up with a delightful programme. I assure you that you will not be disappointed this year. All are welcome.

We welcome to our community Herb Curnow, his wife, Vivian, and daughter, Kelly. Mr. Curnow is site manager for the Ontario Camp Leadership Centre at Bark Lake. He succeeds Dallyn Pickens and Leon Wright, now retired. They are living in the MNR house vacated by Pat and Leonard Thornett.

Sympathy of our community is conveyed to Etta Dovel whose mother, Mrs. Pacey, died last week at Haliburton Extensicare following a lengthy illness. Funeral services were held on Friday with interment at Wilberforce.

On December 11 in the Pentecostal Church, at both morning and evening services, Miss Helen MacMinn, a missionary from Kenya, East Africa, will tell about her work there. The following Sunday, December 18, at 7 p.m. the children of the Sunday School will present their Christmas concert. Christmas would not be complete without the children's participation.

The United Church will hold its Christmas service on Friday evening, December 23, at 7 p.m. The Sunday School children will take part in this service.

Grace and Allan Gill celebrated their sixtieth wedding anniversary last Saturday in the Glamorgan Community Centre. Friends called in the afternoon to express their good wishes for continued health and happiness.

Besides immediate family members, out-of-town guests included: Mr. and Mrs. Jim Dack of St. Catharines; Mr. and Mrs. Frank Coumbs of Essonville; Ross and Myrtle Alsop with Ross and Shirley Nottingham of Mount Albert; Max and Marion Hartin with Joanne and Ted Whitfield and their three boys of Port Perry; Mr. and Mrs. Murray Johnstone (Florence Gill) of Coldwater; Sarah and Dave Traynor of Lakefield; Mr. and Mrs. Normal Hutchinson of Buckhorn; and several other nieces and nephews from Lindsay and Bobcaygeon. Buffet lunch was served.

In the evening the guests enjoyed dancing. A square dance was arranged with Walter Riel on the fiddle and Normal Hutchinson on the guitar with Allan Gill "calling-off" as he often did years ago.

MPP John Eakins presented the honoured guests with a plaque on behalf of the province. Telegrams and letters were also received from Bill Scott, MP and Prime Minister Trudeau.

We all extend our congratulations and sincere wishes for richest blessings in the years ahead.

Vaneita and Margaret Pickens have just returned from a month's holiday in Johannesburg, South Africa, where they stayed with Dallyn Pickens Jr. While they were there the jacaranda trees were in full bloom as it was the beginning of summer. They visited Pretoria which is called "Jacaranda City". There are trees lining almost every street in this, the capital city of South Africa. They visited all the embassies, historical buildings, the Parliament Buildings and other points of interest. Outside Pretoria is a national shrine called the Voortrekker Monument which commemorates the intrepid early pioneers in the 19th century. The walls are covered with stone sculpture which is most unusual.

During their visit they went on a tour of the country and spent two days in Swaziland at Mbabane with friends of Dallyn at the Yen Saan Hotel. After leaving Swaziland they travelled to Durban where they spent a few days on the ocean front and swam in the Indian Ocean. On their return journey they travelled through the Orange Free State, Natal, and the northern Transvaal. The trip took them through the Drakensberg Mountains with their majestic peaks rising to heights of over 3,000 metres.

They also made a trip through Kruger National Park and saw almost every type of animal that lives there. They returned to Canada on November 23.

On Wednesday, November 23 there was another exchange of books at the Glamorgan Library. There were as usual several new books in adult fiction and non-fiction: mysteries, romances, adventure, science-fiction and historical fiction. Among the new non-fiction was "Motor Auto Repair" from the automotive experts at Motor Books. Here is the most comprehensive and up-to-date car repair manual available. This book tells how to make hundreds of the most common repairs and gives maintenance operations.

"Keeping Food Safe" - the complete guide to safeguarding your family's health while handling, preparing, preserving, freezing and storing food at home.

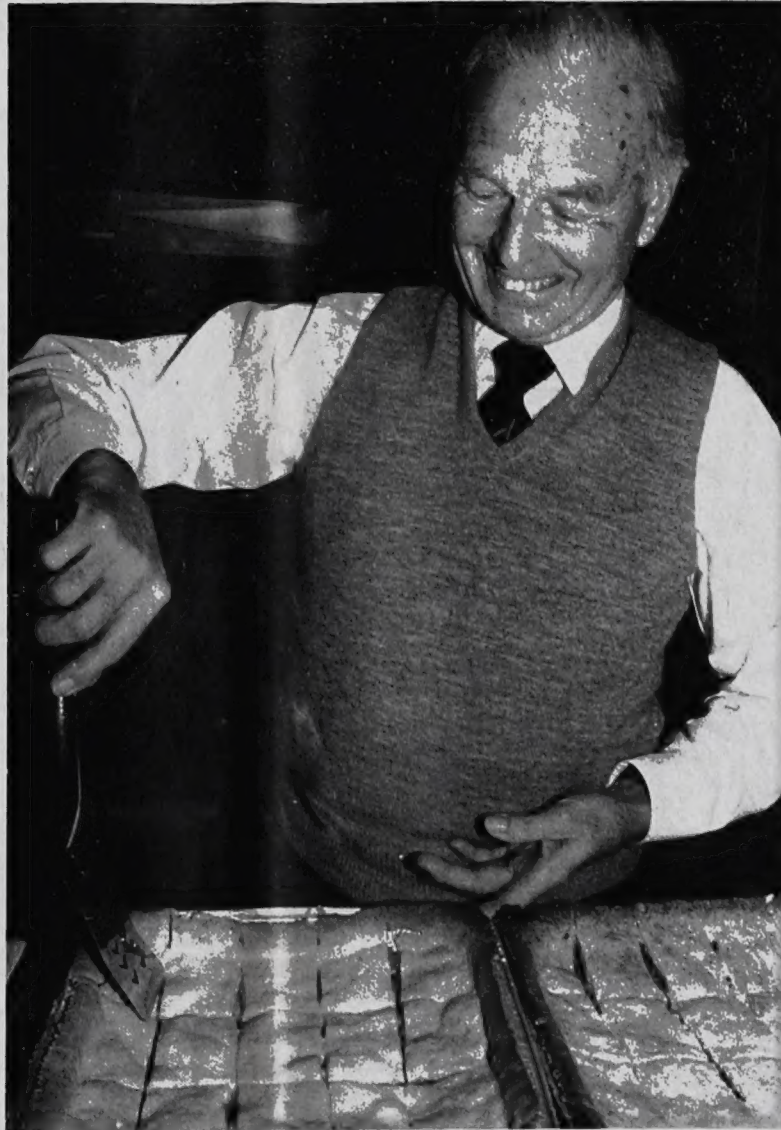

For biography fans there is the story of Bette Davis by Charles Higham.

A different recipe book by a gifted young chef and teacher shows how to make hearty soups from leftovers and serve sensational one dish meals. He simplifies cooking procedures and finds ways to vary almost any recipe to please individual tastes - Richard Sax.

We would be pleased to have you come in and know you will find something to please your tastes.

Myrtle Pagnello of Scarborough, Ontario and Joyce Izaryk of Agincourt spent last week with their sister, Pearl, Cary.

We are sorry to report that Albert Cary is in St. Joseph's Hospital, Toronto, where he is undergoing tests.

Bert Allan served up the deep dish apple pie at a dinner last Wednesday to raise funds for Zion United Church. The men of the church cooked, served and cleaned up after the meal, which was well attended.

Wilberforce News

Those who attended the Home Support Workshop at the Pinestone Inn on November 25 will agree that it was a day well spent. An informative program covering a variety of subjects had been prepared.

Murray Bolton, bank manager, was the first speaker. He drew attention to the many services provided by the banks to assist seniors in their business transactions and how to cope with bill payments, etc.

Marie Wallace expressed satisfaction that the Haliburton Home Support Service had become a valuable part of our community life style. She mentioned that this success had prompted other regions to seek direction in the formation of similar services. She praised the work of the many volunteers, adding that there is an ongoing need for new members who would be welcomed at any time.

Ruth Foster, now in charge of the County Information Centre, reminded everyone that this unique service is provided daily and answers concerning Government services and general information are always available to those who dial the Centre.

Ray Selbie, lawyer, was popular with the audience as he outlined the complicated problems encountered with making a will. He was later kept busy answering many questions about legal items.

Herb Seymour, representative of OHIP, discussed the advantages available through this service. Among the questions answered was that of medical coverage needed for Canadian residents who are visiting other countries.

A well prepared dinner was served at noon.

The Memorial Centre was full of bustle on Saturday, December 3, when a great crowd of people arrived to sample a hearty meal consisting of a variety of wild life dishes.

This annual event has proved to be a great attraction off more and more people each year. They came from all directions - from Peterborough, Millbrook, Oshawa, etc. and some from their cottages in the area. Only a handful of local people attended. Perhaps a menu containing venison is too familiar to be special for them. The Apsley Legion paid the expenses of 50 people who arrived by bus.

An atmosphere of good fellowship pervaded the air as everyone lined up to choose from a selection of venison, moose meat, beaver, bear or duck. For those afraid to try the wild dishes, roast beef, chicken or rabbit stew was available.

Success of the dinner depended very much on the super service offered by the members of the Ladies' Auxiliary. They had spent hours in the preparation of this uncommon food and in the making of dozens of mouth watering pies. They welcomed each one with a smile while serving the chosen portion of viands.

This was the 10th Wild Life Dinner sponsored by the Wilberforce Legion. They have seen an increase in attendance each year. To continue further will require a greater effort which is more than they can cope with and so, unfortunately, this will probably be their last great dinner.

Members are greatly appreciative of the many contributions of game, etc. made by people from Haliburton, Gooderham, Irondele and other places including local residents. They thank them for their help.

After the dinner on Saturday many folks attended a lively social evening which included a dance, at the Legion Hall.

A couple of weeks ago we were telling you about the puppet show that the Library is sponsoring on December 8. You will find this great entertainment at the Memorial Centre starting at 1 p.m. It's for children. The school children are coming and all little sisters and brothers at home are invited too. Tell your parents to bring you. The program is free.

The sympathy of the community goes out to the Allan Scott family. Margaret J. Ball, mother of Jacqueline (Jackie Scott) died suddenly in Toronto. On November 11 Mrs. Ball braved the stormy weather to attend the memorial service at the Cenotaph. She was a frequent visitor to Wilberforce.

Here are some scores from the weekend hockey games played in the Wilberforce arena by teams from the Tri County Hockey League. Saturday, Whitfield 11, Old Timers 3; Maynooth defeated Birds Creek. Sunday, Whitney 10, Birds Creek 5; Wilberforce 8, Old Timers 3.

Minden news

By MAIZIE AUSTEN

A surprise birthday party was held at the home of Lydia McNeil, December 3, on the occasion of her 83rd birthday. Her sisters Rena Barry and Marie Austen, nieces Phyllis Sutherland, Mary Cowen, Susan Austen and Jean Corby called have lunch with her.

There will be movies in the "Common Room" at the Cultural Centre on Friday, adults 2 to 3, Friday afternoon, children 7:15 to 8:15 Friday evening.

Last week's Mini Card Party winners were as follows: Crib - Diane Stevens and Joyce Hewitt. Euchre -

Lone hand, Jeanne Sears, Hilda Harrison and Freda Stacey.

Reg. Carol Leaman and Karen of Keswick were weekend guests of the Mill Sears.

If you have any news for me to print please call 286-3607.

Get out and support our hockey teams. Atoms play Saturday, December 10 at 1:30, Port Carling at Minden. Pee Wees play Saturday, December 10 at 2:30, Huntsville at Minden. Sunday, December 11 at 4:30 Minden will be at Port Carling. Bantams play Saturday, December 10 at 4:00, Port

Carling at Minden. Sunday, December 11 at 2:30 Minden plays at Mactier. Juveniles Sunday, December 11 at 7:00, Minden at Bracebridge.

The new library hours are now afternoons Monday to Saturday 3:00 to 5:00. Tuesday and Thursday evenings 7:30 to 9:00. Friday 7:30 to 8:30. Come in and see what's new on the shelves.

In reference to Gertrude Upton's letter, news is hard to find. There just isn't any or we just can't find it.

Hank and Anita Wiseman celebrated their 1st wedding anniversary last weekend. Belated happy anniversary.

Carnarvon News

Unfortunately our news reads like an obituary column these days, with the deaths of Mrs. Arch McKay and her son Jim within a few days apart and the passing of the much loved Mrs. Leigh Sisson (Minnie) who lived to be 93. Many people in the area will remember her as the dear lady who decorated their wedding cakes and in her younger days her flower garden was the envy of all. We also heard of the death of Bud Medley's sister Myrtle in Florida. Our heartfelt sympathies to the families in their loss.

Mr. and Mrs. Richie Harrison have returned home from their vacation in B.C. where they visited with his brother Ken and family in Campbell River.

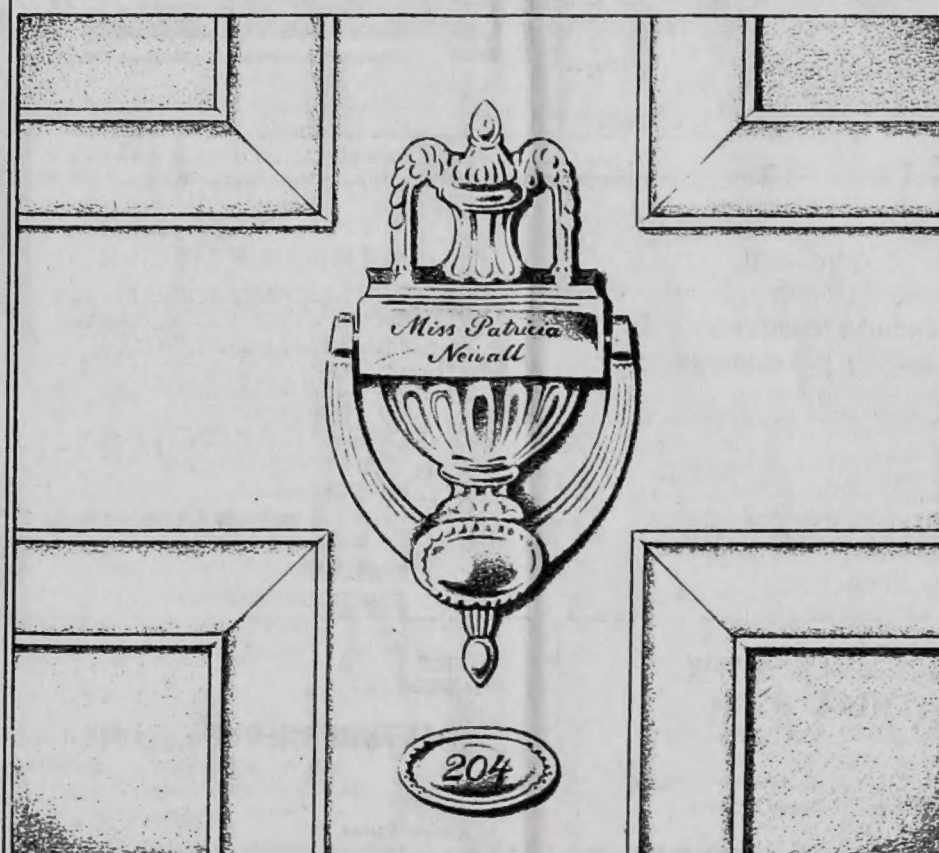

Mrs. Bill McKay is spending

some time in Toronto with her mother and family.

Sunshine Sisters, remember to meet at the Stanhope Library on Monday evening, December 12 at 7:30. If you are unable to attend please send your signed gifts with a friend and let a member know if you wish to have your name left in. Send in your birthdate and wedding date.

Quite a few properties are changing hands. The Walter Harrison property is sold and the new folks move into the Barnes residence around December 15. There is also a great deal of activity at the former gift shop. It has been moved back and set on a new basement. It was purchased by Mr. Brock Laws. The home formerly owned by Ken and Gloria Bannon also has been sold.

Insurance For Women Who Live Alone.

Women who live alone are sometimes inclined to neglect insurance—feeling that their self-sufficiency doesn't require it or it has been "taken care of."

The fact is, single women and men have just as much to protect as anyone else and that protection is even more critical when losses can't be shared.

For your own peace of mind talk to an independent consultant, talk to one of the I.B.A.O. insurance brokers listed below.

Is there a difference between an I.B.A.O. broker and an agent?

Yes there is. An agent works directly for one

insurance company. An I.B.A.O. broker is independent and unbiased.

Your I.B.A.O. broker shops around for value, recommends the right coverage at the right price and makes sure your interests are professionally represented when you need to make a claim.

So call your broker and ask if he or she is a member of the I.B.A.O.

There's More To Insurance Than Just a Policy

Call the I.B.A.O. broker in your neighbourhood.

Life is a Mutual affair.

Kinmount Korner

By MILLIE MOSS
Happy birthday to Lila Shaw on December 11 and to Bill Moss Jr. who celebrates his day (Pearl Harbour Day) December 7. Happy birthday also, to Ida Pardy on December 3.

Wayne and Carol Smith of Georgetown were recent guests of parents, Dora and Bill Lilley of Norland. Mr. and Mrs. John Stenta of Beeton were also visitors at the Lilley home.

Patricia Ferren of Oshawa was the lucky winner of \$26.50 in the Kinmount Legion 50/50 draw held Saturday, November 26.

Pearl Bradimore, Cobocok, hit the big jackpot at the Fenelon Falls Legion Bingo recently, as did Louie LaLonde at the Lions Bingo in Kirkfield. Congratulations to both of you. It sure comes in handy at this time of year.

That was quite a storm a week or so ago. One gentleman was telling me he had business in the Orangeville area and he saw cars literally being blown off the highway. One school bus slid right off our road as it was trying to make its way up the steep hill and had to be towed out. Another new car I heard of slid on the treacherous 503 and ended up in a creek. Luckily there were no injuries in any of these mishaps.

Congratulations to Connie Crego who is now living back in Kinmount, on her win of a big stuffed Bambi in a draw which was held at Scott's IGA in town, Saturday, November 26.

Results of the 6 1/2 tables of euchre players at St. James Hall on Tuesday, November 29 were: ladies' high, Verlie Young; ladies' low, Ruby Schell; men's high, Hugh Phillips; men's low, Mike Cain; and lone hands, Aileen Brown.

I was glad to see Helen Jones and Ginny Barkwell home from the hospital. Just take it easy girls and get all better soon. For those who have been so good as to ask me: Bill is home, has been back to Toronto St. Joseph's Medical Clinic for removal of many stitches, back home again and while in Lindsay one day recently, experienced dizziness and black spots, went to his doctor, and you guessed it, he's anemic and is now taking iron pills and shots. Apparently he should have been given transfusions before leaving hospital and didn't and with all the blood he'd lost it was only a matter of time before something gave. He's a fighter though, so I'm sure it won't be long before he's back to perfect health again.

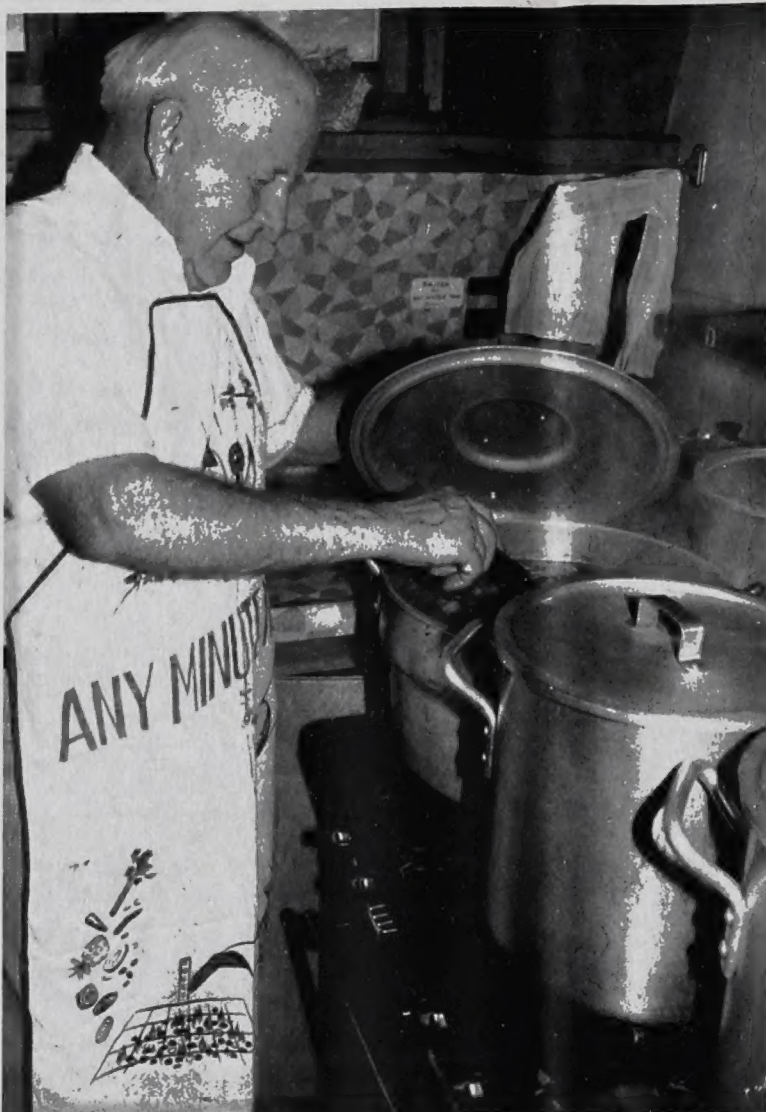

I was in many homes last week and it's amazing - and sad - to see so many ailing folks, including Dave McNamara, who is having trouble with his eye and may require surgery, Doris and Jane Barkwell, both with a virus of some sort, Bruce Bowman, the same, only thankfully, now feeling much better, and Ida Young who is still off work following her run in with a logging truck a few months back. Mrs. Williamson, who is quite the perky little lady at all times, is suffering from arthritis. Sam Telford is still confined home but improving. It was nice to see Margaret Telford down the street last Friday. Alex Graham is improving every day following his hip surgery but now Helen Graham is having her problems. Gertie Crichton was taken to hospital again November 30 and I understand, was to undergo surgery. Father Brooks is still in town but is to go to hospital in the future. Stella Hartin was feeling rotten last week as was Jane Rolfe.

Vi Crego also suffered very bad burns to her arm when a lid came off the jar while making ginger marmalade. Previous to that accident she'd been to a bingo in Haliburton when she caught her foot in a chair which had been turned around and wrenched her back as she tried to catch herself from falling. She fell anyway, landing heavily. Now she's waiting for an upcoming operation of some sort.

Coming Sunday, December 11 from 3 to 5 p.m. at the Kinmount Community Hall: "Kinmount Activity Community Day." Everyone is welcome and there is no charge. Special guests will be the Senior Citizens. The Kinmount 4H club will be serving them tea. There will be plays put on by the play school, Brownies and Girl Guides, records, the Kinmount gymnasts and ladies' exercise group will show their stuff and there will be a table in the hall where the various groups will be holding a bazaar and tea. Why not come out and enjoy a few hours and learn first hand some of the things that are going on in our town? The ladies would love to see you and extend a hearty welcome to one and all.

One day recently, I answered a knock at our door to meet a gentleman I'd never seen before. He asked for my husband and there started an afternoon of steady talk. Bill hadn't seen this army buddy since 1945 and believe me his wife Doris

Please turn to Page 12

Sinclair Russell kept a careful eye on huge pots of stew that were cooked by the men of Zion United Church in Carnarvon last Wednesday. It was the first time the men had taken over the kitchen for the annual fund raising dinner, and it seems that a good time was had by all.

Norland Natter

By KELLY GRAHAM

Hi. As you read this Christmas is fast approaching. A scant two and a half weeks remain until Santa makes his annual rounds.

Don't forget, the Cobocok Santa Claus Parade, sponsored by the Royal Canadian Legion, is scheduled for Sunday, December 11. The Cobocok Public School is entering a float so a number of their students will be participating.

The hockey scores for Sunday, November 27 were as follows: the Generals topped the Gravelors 10 to 6 and the Taverneers wiped out the Excavators 6-2.

The winner of Shirley Harrison's Wintario ticket last week was Fred Lewis. Remember to take your losing tickets into Pine 'n' Patches in Norland, you could be next week's winner.

The students at Cobocok

Public School raised over \$1,400 towards a new school computer. The Legion in Cobocok donated \$200 and the Lions donated \$400. The school wished to thank all those who supported them.

Next Friday, December 9 is a parent interview day for the public school students at Norland and Cobocok. I'm sure most of them regard it as a mixed blessing. They like the day off but their bliss is marred slightly, knowing that their parents and teachers are discussing them.

Poor Elmer Bowins. While chopping wood recently a tree fell on him and he suffered a broken leg. Fortunately that was the extent of his injuries.

If you're stuck to bring the dessert for the family Christmas dinner this year maybe this recipe will be of some help: Coconut Butterballs,

ingredients: 1/4 cup butter, 2 tbs. confectioner sugar, 1/2 tsp. vanilla, 1 cup sifted flour, 1/4 cup flaked coconut, cut. Cream butter. Add sugar and vanilla and cream together until light and fluffy. Add flour all at once and blend. Add coconut, mixing well. Shape into small balls and place on ungreased baking sheet. Chill 15 minutes. Then bake in moderate oven (350°) for 15 minutes, or until delicately browned. Roll in additional confectioners' sugar while still warm. Makes 36.

Dorset News

By PHYLLIS BRISCOE

"One of the oldest human needs is having someone who wonders and worries when you don't come home at a reasonable time, or not at all at night."

The time is quickly flying by and before you can say "Merry Christmas" the old man with the whiskers will be climbing down the chimney and the luscious aromas of roasting turkey and mince pie will be filling homes where families are gathered to celebrate the birth of Christ. In many cases church will be attended, and in many groups, parties will be the order of the day. To each his own and we hope everyone is well on their way in preparation for the festive season. Christmas shopping, for instance, is always a last minute rush, for me at any rate. I start out courageously and with the help of mail order catalogues I get busy early in November, get quite a few taken care of (unless I get a notice "not available") but then there are always a few that get put off until the last minute and I guess it will be the same this year. But I guess the mad scramble is all part of the hysteria of the festive season.

The Dorset Senior Club is closing off the year by having a Christmas dinner at the Country Kitchen restaurant in Baysville. Afterwards, the group will repair to the club to exchange gifts and watch a video taped movie to complete the evening.

We wish to express the sympathy of the community to the family of Orrie Avery,

who died Wednesday, November 23 at Bracebridge Hospital where he was a patient. Orrie had had medical problems for some time. He was a life-long resident of the area, being one of the Jim Avery family, who resided on Paint Lake. For a period of time Orrie was proprietor of a general store in Dorset which burned down during the 40's. Except for that time he resided at Paint Lake. Besides his wife, Ellen he leaves two daughters, Ruth McLennan of Dorset and Eleanor Burton of Scarborough, and a son, Graham of Dorset, as well as a sister and three brothers.

A wedding took place at Nordic Inn on Saturday, November 19 when Don Crewson and Elaine Rogers were joined in Holy Matrimony by Rev. Kim Wright. Friends and family enjoyed a wedding supper at the Inn and a dance was held in the evening at the Dorset Community Centre.

There is to be a baby shower for Ruth (McEachern) Ross at 7:30 p.m. on Monday, December 5 at the Dorset Community Centre. The hostesses were concerned that they might miss some of Ruthie's friends and that this was the sure way that they all would be informed.

The Annual Christmas Bazaar, sponsored by the Anglican ladies and the Dorset Guide company will be held at the Dorset Community Centre on Wednesday, December 7 at 7 p.m. There will be plenty of baking, Christmas and otherwise,

Christmas decorations, knitted things, stuffed toys, and many gift suggestions as well as tea tables where you can refresh and rest. We'll be looking for you.

H.H. The problem of ice covered windows can be solved by adding a half cup of alcohol or anti-freeze to each quart of water used for cleaning. Rub on with a sponge towel or crushed newspaper.

"There's nothing wrong with the younger generation that the older generation didn't outgrow."

The kiddies, the skiers and the snowmobile users are delighted with the snowfall. I'm sure. But couldn't it have been postponed until just before Christmas? But how about the middle western states in the U.S., the condition there is something that we can be glad we don't have here. But we can sympathize with them as on occasion we have had paralyzing snow storms, but maybe I shouldn't say that out loud in case it influences the elements. The trees have been beautiful with the snow on them and the countryside looks so pure and virginal with its white blanket. So although we don't care for the chilly air we can enjoy the scenic beauty of nature.

The population of our village was increased by one on Friday, November 25 when Anne and Rudy Goossen became the proud parents of a baby boy at the Huntsville Hospital. The baby weighed

1984 FARM TAX REDUCTION PROGRAM

GET BACK MORE IN '84!

The Ontario Farm Tax Reduction Program, designed to assist owners of farm properties by rebating a portion of their property taxes, has been greatly improved for 1984.

As in past years, residences, farmland and outbuildings will continue to be assessed together. But the farm tax rebate will increase from 50 to 60%.

And while the gross production value for eligibility will remain at \$8,000 for the majority of the province, it will be reduced to \$5,000 for northern and eastern Ontario (northern Ontario is defined as that area north of the southern boundaries of Haliburton and Muskoka. And eastern Ontario is the area east of the western boundary of Northumberland, Victoria and Peterborough counties).

To hear more about these and the many additional program improvements, contact your local Ontario Ministry of Agriculture and Food Office.

Application forms for the 1984 Farm Tax Reduction Program will be mailed during the summer of 1984, and will be accompanied by a brochure outlining the new program in more detail.

Kinmount Korner

from page 10

and I enjoyed listening to the two men reminisce their old friends and places they'd been. This couple, Doris and Ed Teschke of Kitchener, Ontario, have been spending a good deal of their retirement travelling around, finding and visiting Ed's friends from his army days. He visits one and from there gets names and addresses of another and so on to the next one. They are both enjoying themselves and seeing the country as well. I brought an army picture taken of the 2nd Can. Army Tank Brigade Coy. R.C.A. S.C.(A.F.) Camp Borden, August 13, 1942 out from the depths of a closet and that brought many more names into the stories. It was a very enjoyable afternoon and they are lovely people. Our son was very sorry to have missed them because he happens to be a collector of anything to do with wars, books, medals, clothing - anything, and he sure would have enjoyed learning some of the yarns.

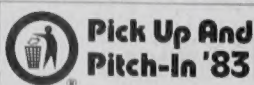

The Grey Cup Day was a tremendous success at the Kinmount Legion. A good crowd was on hand and everyone enjoyed the supper put on by the Legion Ladies. People came from far and near and everyone had a good time. Congratulations to Al Hall who won \$50 in the pool.

The Norland and Kinmount Women's Missionary Fellowship are having their annual Pot Luck Supper on Monday, December 12 at 6 p.m. at Norland Baptist Church. All ladies are invited. Bring your favourite hot dish and/or dessert and enjoy a time of fellowship. Bring along a gift for the gift exchange. Guest speaker for the evening is well known to most TV watchers. Miss Moira Hunt whom we have seen on C.K.V.R. Barrie, C.H.E.X. Peterborough and C.K.L.Y. Lindsay. Come and hear what Moira has to say and enjoy the day with your friends.

Sincere sympathy to family and friends of Mrs. Marjory Boldt who died last week. A long time resident of Kinmount and in more recent years living in Fenelon Falls. Mrs. Boldt was laid to rest in Kinmount Cemetery, Saturday, December 3.

There will be no bingo held at the Kinmount Legion Hall on Fridays December 23 and 30.

Stay well and happy and read the Echo. I can be reached at 488-2353.

thank you

I would like to say Thank You to all my friends, relatives and neighbours for their lovely cards, prayers, gifts, phone calls, visits and transportation I received during my stay in Haliburton, Peterborough and Toronto Hospitals. Also special Thank You to Dr. Sejo, Haliburton and all the doctors in St. Michael's and Princess Margaret. Thanks again to everyone for all their support to me and my family during my illness. Paul Watson 27-B-7

Thank you Santa, for making our Christmas last year such a surprise. Love, Vicki and Russell 27-P-7

Many thanks for all the kindness, prayers, flowers and gifts sent to me while I was in hospital. Special thanks to Reverend Phillips, Dr. Heyes, the Red Cross Hospital staff, Mrs. Bryant, Mr. and Mrs. Vincent, Mrs. Ileen Dawson and Margaret Finlay. Cathleen Broad 27-B-7

births

A BEAUTIFUL GIRL! RILEY - Mark and Theresa are very happy to announce the birth of their first child, Patricia (Patti) Marie, born on Monday, November 21, 1983, weighing 6 lbs. 8 oz. in memoriam

ANDERSON - In loving memory of Uncle Rufus, December 8, 1982.

You always loved a garden With flowers growing tall, Now you are a helper In the best garden of all. Sadly missed by niece Mary. 32-B-7

In remembrance of my Mother, who passed away December 8, 1982.

Oh how I miss you dear Mother, I watch your empty chair And when I'm all alone, I can see you sitting there. But I know why God called you home To give you peace and rest, Because He has a place to keep The ones He loves the best. Sadly missed and never forgotten by daughter Eileen. 32-B-7

In loving memory of my dear mother, **VERNA FEIR**, who was taken from us on December 10, 1980. Surrounded by friends I am lonesome, In the midst of my joys I am blue, With a smile on my face I've a heartache, Longing, dear mother, for you. Not one day forgotten Mom! Miss you! Your loving daughter Joyce, son-in-law Bill and grandchildren. 32-P-7

THE CLASSIFIEDS HAVE SOMETHING FOR EVERYONE

Dorset News

from page 10

5 pounds, 10 ounces and his name is Stephen. The happy grandparents are Bill and Barb Clark and this is the first grandson. Their daughter Donna Ratz has two little girls.

We are sorry to lose a family who are well known in the vicinity. Herb Curnow, who has been employed at the Frost Centre as administrative superintendent since 1975 has taken a position with the Ministry of Tourism and Recreation as site manager for the Ontario Camp Leadership Centre at Bark Lake. Herb and his wife Vivian moved last week to their new home. Bark Lake is a few miles from Gooderham. Kelly, their youngest daughter, is still in high school and will remain in Huntsville until the holiday. Their son Randy is staying on in Dorset. The Curnow family have many friends in the Dorset area and will be missed a great deal.

On Saturday, November 26, the Dorset Girl Guides travelled to the Pines in Bracebridge where they entertained the residents for a half hour of singing, which was greatly enjoyed by the audience. The group then proceeded to the community pool for a swim. There were 19 girls, three guiders and two helpers. It was a very enjoyable day for all and the leader would like to thank all who participated.

On Wednesday, November 30 a bus, with 15 members of the Anglican Lake of Bays Mission aboard, left Baysville at 9:30, destination Sault Ste. Marie, object: to attend the ordination of Rev. Ray Porth, Priest of this mission. We had two excel-

lent drivers, Grace and Adrian Van Seters, and we had complete confidence in them, but it was quite snowy when we started and some of us suffered fear and trepidation and wondered if we were very devoted or slightly 'teched'. However, the weather cleared before too long and we had smooth sailing for the rest of the trip. We had a hilarious time on the bus with much wise cracking and witticisms being tossed about. I hadn't realized there were so many scintillating personalities in the group. There were sing songs and drinking of tea and coffee, sandwiches and other goodies snacked on from time to time. After arrival at Sault Ste. Marie we enjoyed a nice dinner at the Windsor Hotel and then to St. John's Church for the service. St. John's has one of the most beautiful stained glass windows I have ever seen. I don't know its history but hope to get it. I know that it was imported from England. The order of service was beautiful and afterwards at the reception we met people we had known over the years, including Archbishop

Wright, who was Bishop of Algoma for many years. By 10:30 everyone was back on the bus and as full of life as ever. I could go into detail on various carryings on but what is funny at the time, when told in retrospect isn't necessarily entertaining. After stuffing on more sandwiches, cookies, etc. everyone settled down and a few dozed off from time to time but conversation off and on continued in small groups. The good weather held and we arrived in Baysville around 7 a.m. Tired? Yes, but felt it was all worth it and a big Thank You to Grace and Adrian for getting there and back and for their good natured consideration for everyone's comfort.

Tonight, December 7 at 7 p.m. the annual Christmas is taking place at the Dorset Community Centre. Sponsored by the Anglican ladies and Dorset Guide company. Come and look over the selection of gift items and enjoy a cup of tea.

H.H. If the popcorn has dried and won't pop add a few drops of water and leave in a covered jar for a few hours. Every grain will pop.

Sherborne et al council minutes

from page 2

County of Haliburton and designated as Part 1 on a plan of survey of record in the Registry Office for the Registry Division of the County of Haliburton as Number 19R-2881.

Members were informed by the Reeve and Deputy Reeve that in the future County Council may be considering a tree cutting bylaw. A draft by-law for the Township of Dysart et al was circulated and after a lengthy review of same, the clerk was directed to inform County Council that Sherborne et al council, having been in receipt of proposed by-law for the County of Haliburton, to restrict and regulate the destruction of trees, strongly opposes such a by-law to be enacted which would affect all municipalities within the County System. Members feel that such a by-law should be done by individual townships if it was ruled that such a by-law was warranted by the local council.

Next on the agenda was the proposed fly-in outpost cabin (Rockaway Lake) being applied for by Huntsville Air Service/Billie Bear Lodge. Further data was received from Ministry of Natural Resources and after a great deal of discussion the clerk was advised to write a letter to Huntsville Air Services informing them accordingly that Council still has reservations as to the proposal. There is some question as to what benefit this commercial enterprise would have on this municipality; however Council cannot justify an outright refusal of this proposal. The decision lies with the Ministry of Natural Resources.

Accounts payable were circulated and approved. Council directed the clerk to pay the invoice from the Huntsville Planing Mills Limited No. 29885 to supply two vanity and two exhaust fans for Oxtongue Lake Community Centre in the amount of \$181.62. Monies are to be paid out of the Reserve Account for Oxtongue Lake Community Centre.

Council directed the clerk to pay J.D. MacKay Construction Invoice No. 58861 in the amount of \$2,760.00. This invoice is for the construction of Parking Lot on Part Lot 20, Concession XI, Sherborne Township and designated as Part 1 on Plan 19R-2881. Monies are to be paid from General Account in the amount of \$1200 with the balance of \$1560 to be drawn from Parks and Recreation Reserve Fund Account.

Council authorized the taxes to be reduced in the name of Fred and Flora McDonald to cover the period from January 1, 1983 to December 31, 1983 regarding a "Power of Sale" which resulted in Section 496 (1)(a) reducing the Commercial Assessment to Vacant Commercial based on a residential mill rate. The amount of taxes to be reduced is \$30.69.

Council authorized the taxes to be reduced in the name of Fred and Flora McDonald to cover the period from January 1, 1983 to December 31, 1983 regarding a "Power of Sale" which resulted in Section 496 (1)(a) reducing the Commercial Assessment to Vacant Commercial based on a residential mill rate. The amount of taxes to be reduced is \$30.69.

Council authorized the taxes to be reduced in the name of Fred and Flora McDonald to cover the period from January 1, 1983 to December 31, 1983 regarding a "Power of Sale" which resulted in Section 496 (1)(a) reducing the Commercial Assessment to Vacant Commercial based on a residential mill rate. The amount of taxes to be reduced is \$30.69.

Council authorized the taxes to be reduced in the name of Fred and Flora McDonald to cover the period from January 1, 1983 to December 31, 1983 regarding a "Power of Sale" which resulted in Section 496 (1)(a) reducing the Commercial Assessment to Vacant Commercial based on a residential mill rate. The amount of taxes to be reduced is \$30.69.

being "Previous Residential Now Commercial." The amount of taxes to be reduced is \$57.97.

Council authorized the reimbursement of the 1984 tax credit in the amount of \$214.55 paid by Wm. V. Swift of Ontario Canoe Trip Outfitters Limited on the 1983 final taxes due August 31, 1983. This reimbursement is as a result of Swift's request.

Council was informed through the District Municipality of Muskoka of their intention to host a local Government Workshop on Acid Precipitation on Friday, April 27, 1984 or alternatively on April 20. Clerk was directed to advise the District that at least two or three delegates from this council will plan to attend.

David Villard for the Ministry of Natural Resources attended at council explaining Ministry resources to map aggregate sources within a designated area. Mr. Villard will arrange another meeting with council at which time maps will be made available for review.

Secondly, Villard, as school trustee for this municipality, touched on many subjects dealing with school budgeting, recent letter noting Dorset Elementary School as a candidate for closure June 1985, board procedures as to closure consideration, etc. Villard will return to meet with council when more facts and figures are available.

The reeve thanked Villard for his report.

Next on the agenda was Wellington County Council resolution stressing concerns that they had with Board of Education. Clerk was directed to contact County Clerk advising her that this municipality would support County Council in forwarding same resolution to the Haliburton County Board of Education for response.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY PART OF THE ORIGINAL ALLOWANCE FOR ROAD ALONG THE SHORE OF GREEN LAKE IN FRONT OF LOT 2, CONCESSION V IN THE TOWNSHIP OF GUILFORD IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of The Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, December 12, 1983 a By-Law to Close, Stop-Up and Convey Part of the Original Allowance for Road along the shore of Green Lake in front of Lot 2, Concession V in the Township of Guilford, County of Haliburton.

AND WHICH SAID parcel or tract of land is illustrated as Part 1, shown in heavy outline on a plan of survey by Bishop and Wilson, Ontario Land Surveyors, dated July 30th, 1983 and available for inspection at the Township Office of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applied to be heard.

DATED at Haliburton, Ontario this 26th day of October, 1983.

Wayne B. Wood, C.M.C.,
Clerk-Administrator
